Family Health Team Moves to New Satellite Office

(CLEVELAND, OH) A special in-kind grant from **The Saint Luke's Foundation** will provide **Community Solutions' Family Health Team** with office space until the end of 2012. The team is moving this week to its new office.

The new office space—in the “garden” level of the Kies-Murfey House where the foundation also makes its home—will house the **Northeast Ohio Family Health Program** and the **AIDS Funding Collaborative**.

“We appreciate the generosity and uniqueness of this grant, which will assist us in reducing overhead expenses for the next few years,” said **John A. Begala**, Community Solutions' executive director. “Our Family Health staff look forward to working in our new satellite office.”

“This is an exciting opportunity for a unique partnership,” said **Denise San Antonio Zeman**, president and CEO of the Saint Luke's Foundation. “It provides a critical community presence for programs that directly impact Greater Cleveland.”

For more information about the two Family Health programs, visit www.CommunitySolutions.com. Information on the work of the foundation is available at www.saintlukesfoundation.org.

The Center for Community Solutions is a nonpartisan, nonprofit organization focused on policy and system reform. It provides strategic leadership to improve targeted health, social, and economic conditions. Established in 1913, it is a United Way agency.
