Agenda

- I. Welcome and Check-In**
 - a. Check-In Question: *“What are your strengths?”*

- II. Intro of CCS & Work in HIV**
 - a. Completed work in Harm Reduction, and house Aids Funding Collaborative
 - b. Report on syringe service programs in State of Ohio
 - c. Helped with getting federal dollars for syringe services
 - d. HHS policy work at all levels of government
 - e. Provide research on various issues & inform policy makers
 - f. Tara’s previous work in Ryan White Part A & she and Melissa’s work in Integrated Care

- III. Goal of EHE for Committee**
 - a. No new HIV infections
 - b. The end of a multi-generational war; making PrEP accessible for youth
 - c. Defining what ending HIV looks like for PLWH as they improve their lives
 - d. Focus on LGBT health disparities & dive into why disproportionately affecting minority populations
 - e. End the stigma – that in itself is an epidemic; End the hate towards PLWH
 - f. Getting to 0
 - i. But how do we do this?
 - ii. Institutional racism is hindering this
 - iii. Form new strategies focused on governing on the margins and centering very specific needs on the margins
 - g. Need to be better informed on resources available

- IV. Review of summary of EHE planning**
 - a. Strengths
 - b. What is missing?
 - i. Pillar 1
 1. Provide emphasis on “LGBTQ Health 101” to youth where it is not available especially for African Americans to aid in prevention, and diversifying healthcare
 2. Be cautious not to target specific groups in that

- c. Who wasn't heard from?
 - i. Not sure who all participated in sessions; should look over that to capture groups who were not apart previously of focus groups
 - ii. African American MSM were apart of those focus groups, but were mostly already actively engaged)
 - iii. Other people of color, transgender, non-binary, and youth
 - iv. Initiative to reach out to faith-based communities to assist BMSM members
 - 1. **Action Item:** Lea Dooley/Audrey can provide a contact for someone who has done a dissertation for Tommy Sampson to look into this
 - v. **Action Item:** Start a Google Doc where we list those who still need to be reached & send link
 - vi. **Action Item:** Tara connect with Dwayne to establish reaching out to Equitas volunteer pool
- d. Engagement, incentives, location, accessibility, etc.?
 - i. Pillar 1
 - 1. Make telehealth more accessible and capitalize on technology that more youth are comfortable using
 - 2. Be mindful of stigma that may be in messaging we use to reach target groups
 - 3. Focus on connecting with CBO's to help with engagement
 - 4. Find strategies to engage those w/o access to technology
 - 5. Be cognizant of where our barriers will lie as we engage
- e. Will finish addressing the others in next meeting

V. Advisory Committee Schedule (will address next week)
