### Agenda

- I. **Welcome/Check-In**
  - a. Check-in question: “What’s a word that describes how you’re feeling today?”/Thoughts on current events
  
- II. **Review of Summary of EHE Planning**
  - a. We’ll need to help define institutional racism, as people didn’t understand what it is
  - b. *Pillar 1*
    - i. Missing sex worker outreach, especially black gay individuals, cis-gender males, trans gender women
  - c. Viral Suppression
    - i. Increasing diverse high-quality care
    - ii. May need more conversation on incorporating other social determinants of health
    - iii. Add discussion on use of technology
    - iv. Some may need economic support; how can we assist with employment opportunities? (Especially for youth and those with new diagnosis)
      1. Career consultants available in thru hospital program in Franklin thru Jewish Family Services
      2. Offered for those who have instable housing
      3. Should build up in the pillars; leverage other resources to help those negative as well
    - v. Health literacy education on what viral suppression means and make sure it is targeted to what it means for specific groups
      1. Consider that ending the epidemic may mean different things for everyone
      2. Cleverly word “mission statement” or “vision” that clarifies what ending the epidemic means in this program
    - vi. Needs to be outreach to those who are not on Ryan White/have private insurance and need to know about other issues

- vii. These previous issues can be addressed in the situational analysis
- viii. Need to link individuals with providers and staff that are LGBTQ/minority affirming and trained and skilled in mental health skills; make that info known to individuals, and hold providers accountable to being culturally competent

### III. Stakeholder Meetings

- a. Transparency: Have individuals note if they are a part of a target group to make sure we have the right people in the room
- b. Doing a mission statement to guide what a stakeholder is
- c. Mechanics of getting word out?
  - i. Need Advisory Committee to do recruitment/engagement of target groups
- d. Who will lead/facilitate groups?
- e. Matthew W. reached out to leaders in black fraternities
- f. **Action Item:** Reach out to Trans Ohio, Bravo, Urban League, Commissioner for Minority Health
- g. **Action Item:** Brandon will look into additional options connected to the Institute for Minority Health and send any recommendations to the group
