

Advisory Committee Meeting (1.26.2022)

This meeting took place virtually via Zoom.

I. Distribution List

- a. Goal is 400 surveys minimum
- b. Focus groups, key informant interviews, convenience sample survey to help fill in gaps

II. Survey Review

- a. Letter from Mayor
 - i. Letter for survey will be signed by Mayor George as a thank you, to help explain the significance of the survey, and offer resources to help with issues that may come up in participation
- b. Survey will be mailed, along with convenience survey that can be offered digitally
 - i. Looking to mail to about 6000 respondents of the 50,000 in Lakewood
 - ii. Utilizing a service available to translate via notification in the packet, written in multiple languages
 1. Could have the convenience sample survey put into other languages
- c. Includes a map for respondents to mark where they live to help focus efforts for wards that may not have very many answering the survey
- d. Adjustments to survey
 - i. Adding a question about fresh foods
 - ii. Digital access questions to add:
 1. Are you able to use the internet from your home to do whatever you need to do? 1.) Yes 2.) No
 2. I currently have (choose all that apply) 1.) An affordable internet plan 2.) A working device that connects to the internet 3.)

Knowledge and skills to access the internet using connected devices.

iii. Transportation Section

1. Add question on proximity to public transportation

iv. Health Section

1. Primary care provider instead of physician (to capture nurse practitioners & PA's)
2. Frequency of visit to ER and ambulatory use
3. Separate COVID Vaccine and Booster to try and get a better picture (number 72)
4. Adding community clinics since many COVID services were offered here
5. Elaborate on the term " Preventative care" and add examples to keep in mind the health literacy competency of many residents
6. Add a time period for questions on health habits (e.g. past 12 months)
7. Add examples of STI's (question 98)
8. Add gender affirming therapies/hormonal therapies (question 96)
9. Adding mental health services as an option (question 94) and offer a few more questions to help document affordability and access
10. Add more on physical activity
 - a. 1.) On average, how many days per week do you engage in moderate to strenuous exercise?
 - 2.) On average, how many minutes do you engage in exercise at this level?
- v. Add "are you connected to your community by social media?"
- vi. Needing to find a way to hear more from youth or families about access for all in the household outside of just the adult/individual ← possibly for focus groups/interviews
- vii. Adding questions on trauma-informed care services
- viii. Need to include a note on the survey that provides contact info for anyone who needs an accommodation/assistance to read and complete the survey ← can place something on the Mayor's Letter
- ix. Add questions on IEP and 504 plan
- x. Add something on intimate partner violence
- xi. Add one on housing quality particularly related to lead
- xii. Discrimination Section
 1. Add a question exploring bias in the community

2. CCS planning to reach out to ADA contacts to help with wordsmithing some questions in this section for those living with disabilities
- xiii. Community Connections Section
 1. More questions on connectedness that are specific to Lakewood
 - xiv. Financial Health Section
 1. Add property taxes and ask if they are homeowners & if they receive Homestead Exemption or Owner Occupied Housing Credit
 2. Add question on child care and if employer offers maternal or paternal leave
 3. CCS has talked to city about some resources to help reach renters
 - xv. About You Section
 1. Add a citizenship status question (e.g. Immigrant, refugee)
 2. Add do not want to answer to gender and sexual orientation questions
 3. Split gender question into 2: gender assigned at birth and gender identity
 4. Add question about unrelated adults being in the household/multi-generational household
 - xvi. Affordable access to gym or a venue to exercise in neighborhood question earlier in survey (starting at question 19)
 - xvii. Create a new section on Family Issues and place questions on childcare, mental health, quality of education, etc. already stated, here and can place on page with the map and make map smaller
 - xviii. Older adults will be a focus group to have more on aging questions
